

NAME : PROF. APURBA KUMAR CHOWDHURY
DESIGNATION : PROFESSOR
DEPARTMENT : PLANT PATHOLOGY
CONTACT DETAILS
PHONE NO. : +91-9434317558
E-MAIL ID : apurba1996@yahoo.co.in
EDUCATIONAL QUALIFICATION : B.Sc (Ag.), M.Sc (Ag.) Plant Pathology, Ph.D
PROFESSIONAL EXPERIENCE (POST HELD WITH PERIOD) : SSO II, DBT, GOI, Since September, 1990
LECTURER, Since September, 1991
READER, Since January, 2000
PROFESSOR, Since January, 2008
AREA OF SPECIALIZATION : SAR and Induced resistance
AREA OF INTEREST : Plant and Soil Health Management under Conservation Agriculture

LIST OF PUBLICATION :

Journal Papers

1. Mitra, P & **Chowdhury, A. K.** (2001). Protection of soyabean seedlings from *Sclerotium* rot by treatment with alternative chemical agents. *J. Mycopathol.Res.* **39**: 35-38.
2. **Chowdhury, A. K.**(2002). Effect of chitosan on collar rot of peanut caused by *Sclerotium rolfsii* Sacc. *Research on crops* **3**: 667-669.
3. Chatterjee, H & **Chowdhury, A. K.** (2003). Persistence toxicity of some bio-pesticides against *Pieris brassicae* infesting cauliflower (*Brassica oleraceae* var.*Botrytis* L.). *Annals of Pl. Prot. Sciences* **11**:215-219.
4. **Chowdhury, A. K.** (2003). Control of *Sclerotium* blight of groundnut by plant growth substances. *Crop Research.* **25**:355-359.
5. Singh, D. P., Chand, R., Dodan, D. S., Singh America, Singh, K. P., Tewari, A. N., Singh, K. M. P., Kaur Satvinder, Singh, R. N., Singh, A. K., Singh, V. K., Brahma, R. N., Kalpanwar, I. K., Das, S.Y. and **Chowdhury, A. K.** (2003). Evaluation of wheat and

Triticale genotypes for resistance to leaf blight caused by *Bipolaris sorokiniana* and *Alternaria triticina*. *Indian Phytopath.* **56**:473-475.

6. Chowdhury, A, Dutta, S., **Chowdhury, A. K.** and Laha, S. (2004). Effect of biotic/abiotic elicitors on the management of sheath blight of rice under terai agro ecological region of West Bengal. *J Mycol. Pl.Pathol.* **33**:378-386.
7. Khalko, S.,Bhattacharya, P. M.and **Chowdhury, A. K.**(2004). Fungicidal management against leaf blotch incidence of turmeric (cv.Rh-5). *J. Mycopathol. Res.* **42(2)**:225-227.
8. **Chowdhury, A. K.**, Garain, P. K., Mukherjee, Soma, Dutta, S. Bhattacharya, P. M., Singh, D. P. and Gyanendra Singh* (2005). Zonate Eyespot of wheat – a new report. *J. Mycopathol.Res.* **43**:139-140
9. **Chowdhury, A. K.**, Chakraborty, P., Sharma, M. and Chakraborty, B. N. (2005). Induction of resistance in rice plants against *Rhizoctonia solani* and associated changes in defence enzymes (in: Stress Biology Eds. U. Chakraborty and B. N. Chakraborty) Narosa Publishing House, New Delhi. pp. 216-221.
10. Chakraborty, P., **Chowdhury, A. K.**and Chakraborty, B. N. (2006). Effectiveness of different methods of inoculation against sheath blight of rice. **33**: 481-482.
11. **Chowdhury, A. K.** and Mitra, P. (2006). Severity of late blight of tomato in terai region of West Bengal and its control. *Environment & Ecology.* **24S (4)**: 1206-1208.
12. Singh, D.P.,**Chowdhury, A.K.**and Kumar Pankaj (2007). Management of losses due to seed-borne infection of *Bipolaris sorokiniana* and *Alternaria triticina* in wheat (*Triticum aestivum*) using seed treatment with Vitavax 200WS. *The Indian Journal of Agricultural Sciences.* **77(2)**:101.103.
13. Bandyopadhyay, S., Bhattacharya, P. M., **Chowdhury, A. K.** and Dash, S. K. (2007). Management of leaf blotch and leaf spot of turmeric, *Current Agriculture Research,* **20(1-2)**:1-8.
14. **Chowdhury, A. K.**, Singh, G., Tyagi, B. S., Bhattacharya, P. M. and Singha Roy, A.K. (2008). Assessment of wheat (*Triticum aestivum*) cultivars to boron deficiency

induced spike sterility and its impact on grain yield under terai region of West Bengal. *The Indian Journal of Agricultural Research*. **78(10)**: 834-37.

15. Singh, D. P., Sharma, A.K., Kumar, Pankaj, **Chowdhury, A.K.**, Singh, K. P., Mann, S. K., Singh, R.N., Singh,A.K.,Kalappanvar,I.K. and Tewari, A. N.(2008). Management of leaf blight complex of wheat (*Triticum aestivum*) caused by *Bipolaris sorokiniana* and *Alternaria triticina* in different agroclimatic zones using an integrated approach. *Indian Journal of Agricultural Sciences*, 78: 513-517.
16. **Chowdhury, A. K.**, Mukherjee Soma, Bandyopadhyay, S., Das Jyostna and Mondal, N. C. (2008). Resistance to *Helminthosporium* leaf blight and biochemical responses of wheat genotypes of diverse origins. *Journal of Mycopathological Research*, **46 (1)**: 59 – 63.
17. **A. K. Chowdhury**, P. Mukherjee, P.M. Bhattacharya, S. Kundu¹, D. Mandal¹, B. Rudra² and J.K. Ladha³ (2009). Conservation agriculture in northern parts of West Bengal - Constraints and opportunities. Proc. 4th World Congress on Conservation Agriculture. 4th-7th Feb, 2009, New Delhi, INDIA: 116.
18. P. M. Bhattacharya_, **A.K.Chowdhury**, P.Mukherjee, , S.Kundu¹, D.Mandal¹ and B.Rudra². (2009). Impact of bio-inoculation on microbial activity and disease incidence under conservation tillage in terai agro-ecological zone of West Bengal. Proc. 4th World Congress on Conservation Agriculture. 4th-7th Feb, 2009, New Delhi, INDIA: 467.
19. P. Mukherjee, **A. K. Chowdhury**, P.M. Bhattacharya, S. Kundu¹, D. Mandal¹ and B. Rudra² (2009). Weed flora, shifting of weed flora and weed control practices in rice-wheat cropping system under conservation agriculture in *terai* agro-climatic region of West Bengal. Proc. 4th World Congress on Conservation Agriculture. 4th-7th Feb, 2009, New Delhi, INDIA: 416.
20. **A. K. Chowdhury** and P. M. Bhattacharya (2009). Development in Agricultural Technologies-Plant Pathology. *Proc. 96th Indian Science Congress Part II: Symposium/Invited Lectures*. P-6.
