

CHIRANTAN CHATTOPADHYAY

Indian Council of Agricultural Research: Agricultural Research Service (ICAR: ARS)

Vice Chancellor *Uttar Banga Krishi Viswavidyalaya*

Pundibari, Coochbehar -736165, West Bengal, India

Email: chirantan_cha@hotmail.com; Cell: +91 9582289566; Skype: chirantan_chattopadhyay

Education:

Ph.D. Mycology and Plant Pathology, Indian Agricultural Research Institute, New Delhi, India, 1992.

M.Sc. (Ag.) Plant Pathology, Bidhan Chandra Krishi Viswavidyalaya, Mohanpur, West Bengal, India, 1989.

Appointments:

- 2016 – present: Vice Chancellor Uttar Banga Krishi Viswavidyalaya
Pundibari, Coochbehar -736165, West Bengal, India
- 2012-16: Director, National Centre for Integrated Pest Management (ICAR) - ISO 9001: 2008 certified
LBS Building, Pusa Campus, New Delhi 110012, India
- 2009-12: Principal Scientist (ICAR: ARS), Plant Pathology & Head, Division of Crop Protection
Indian Institute of Pulses Research (Indian Council of Agricultural Research / ICAR), Kanpur, UP
- 2007-09: Principal Scientist (ICAR: ARS), Plant Pathology, Directorate of Rapeseed-Mustard Research (ICAR),
Bharatpur, Rajasthan
- 1999-2007: Senior Scientist (ICAR: ARS), Plant Pathology, Dte of Rapeseed-Mustard Research (ICAR), Bharatpur
- 1997-99: Scientist (ICAR: ARS) – Senior Scale, Plant Pathology, Dte of Oilseeds Research (ICAR), Hyderabad
- 1993-97: Scientist (ICAR: ARS), Plant Pathology, Directorate of Oilseeds Research (ICAR), Hyderabad
- 1992-93: Scientist (ICAR: ARS), Plant Pathology, National Acad. Agril. Res. Management (ICAR), Hyderabad
- (i) Member Secretary (1999-2001), first Quinquennial Review Team (1993-99) on Rapeseed-Mustard of the Indian Council Agril Res. (ii) Member Secretary, Research Advisory Committee, National Res. Centre Rapeseed-Mustard, Bharatpur (2002, 2007-09) and Indian Institute Pulses Res., Kanpur (2009). (iii) Member Secretary, Institute Research Council (IRC), Indian Institute Pulses Res., Kanpur (2009-12). (iv) Member of Management Committee, Directorate Groundnut Res. (erstwhile National Research Centre on Groundnut), Junagadh (2008-11) and Directorate Rapeseed-Mustard Res. (erstwhile National Res. Centre Rapeseed-Mustard), Bharatpur (2009-12).

Technologies / concepts developed:

Patent for Bioformulation of soil fungus *Aspergillus niger* strain AN27 to biofungicide-cum-biofertilizer *Kalisena* Seed Dressing formulation (2003) [Patent no.123/ 191420 of Indian Class and C 05C 009/00 of International Class, vide The Gazette of India no. 48 of 29 Nov-05 Dec 2003; part-III, section 2]

Fusarium wilt resistant genotypes in safflower (1993-99)

Involvement of nematode (*Rotylenchulus reniformis*) in wilt complex of castor

Seed treatment with *Trichoderma viride* in castor for managing wilt complex (*Fusarium oxysporum* f. sp. *ricini* + *Rotylenchulus reniformis*), safflower for managing Fusarium wilt (*F. oxysporum* f. sp. *carthami*) and sesame for managing stem-root rot (*Macrophomina phaseolina*), *T. harzianum* formulations to substitute fungicides for management of major diseases in oilseeds Brassicas (AB, WR, SR, PM, CR, etc.), which has been included in the IPM package of the respective crops (1993-2008)

Seed treatment (and foliar application) of 2% (w/v) aqueous bulb extract of *Allium sativum* for management of Sclerotinia rot, Alternaria blight, club root and white rust diseases of mustard, Alternaria blight of sunflower, safflower (1995-2007)

Forecasting of diseases (Alternaria blight, white rust, powdery mildew, Sclerotinia rot) and aphid of rapeseed-mustard in major cropping areas of India (1999-2008) – please ref. online (www.drmr.res.in/aphidforecast/index.php) software; forecasting system for diseases, insect-pests of rice (2012-15), pod fly of pigeonpea (2009-12, sucking pests of cotton (2012-15)

Identification of lines of *Brassica juncea* resistant to mixture of isolates of *Albugo candida* (2004)

Indian mustard high yielding variety NRC DR-02 for Zone II (Rajasthan, Punjab, Haryana, Delhi, Jammu and UP) which is tolerant to Alternaria blight and Sclerotinia rot diseases (2000-06); Indian mustard variety NRCHB 101 (2000-08), first Indian mustard hybrid NRCHB 506 (2004-08)

Input management research in integrated pest management (IPM)

Grants:

Principal Investigator (PI): Plant Pathology programme, ICAR All India Coordinated Research Project on Rapeseed-Mustard (AICRP-RM), 2003-09, ICAR-funded, Indian Rupees 170 million for X Plan, 260 million for XI Plan; centres: 17 AICRP-RM centres.

PI: Functional Genomics of Alternaria blight of mustard under ICAR National Network on Transgenics in Crops, 2005–09, ICAR, 3.67 million Indian Rupees.

Nodal Officer, Experimental Agro-Advisory Services, 2005-09, funded by NCMRWF (MoES/ Govt. of India), 1,00,000 Indian Rupees per year.

PI (Mustard): Global Change Research on Climate and Crop Disease Risk Management: An International Initiative in the Asia-Pacific Region, 2005-08, Asia-Pacific Network Programme, US\$ 44600 (2.0 million Indian Rupees), involving Australia (UWS), USA, Cambodia, Bangladesh, WMO.

PI (Mustard): National Network on Management of Alternaria blight in *Brassica juncea* and vegetable crops, 2004-08, ICAR AP-Cess Fund Scheme, Indian Rupees 13 million (centres: NRCRM Bharatpur, GBPUAT Pantnagar, CCSHAU Hisar, PAU Ludhiana, RAU Dholi, IIHR Bangalore, IIVR Varanasi, IARI New Delhi).

PI: Development of weather-based forewarning systems for crop pests and diseases – Program 6: Mustard, 2001-04, National Agricultural Technology Project funding from World Bank, Indian Rupees 5.7 million (centres: NRCRM Bharatpur, BCKV Mohanpur, IARI New Delhi).

PI: Development of improved biocontrol agent for castor wilt management, 1998-99, Institute of Public Enterprises under the AP-Netherlands Biotechnology Programme, Indian Rupees 2.43 million.

Co-PI: Effect of climate change on pest and diseases of major food crops (mustard, groundnut, pigeonpea) – budget Rs 13.5 million (2011-12).

Co-PI: ACIAR-funded Indo-Australia-China Collaborative Project on Oilseed *Brassica* Improvement – July 2004 – June 2009 (for work on Sclerotinia rot: worth 125700 Australian \$).

Co-PI: DFID-funded Indo-UK Collaborative Project on Oilseed Brassica – Phase II – Dec 2002 – Jul 2007 (for work on white rust: worth Indian Rupees 6.8 million).

Publications: Citations: 646 (488 since 2011); h-index: 15 (13 since 2011); i10-index: 22 (18 since 2011); ResearchGate (RG) score: 20.43
Peer reviewed Full paper: 83 (Foreign journal: 25; Indian journal: 58); Short commns: 12; Books: 11; Review chaps: 30

Honours:

Fellow, National Academy of Agricultural Sciences – India

ICAR Award: NCIPM received the Award for Best Annual Report for 2015-16 under small institute category

ICAR Award: Rajashri Tandon Rajbhasha Puraskar, First Prize for small institute category of 2014-15 to ICAR: NCIPM for usage of Hindi as official language in 'k' and 'kha' regions.

Dodla Raghava Reddy Memorial Gold Medal from Plant Protection Association of India for outstanding contributions in plant protection in 2016.

ICAR: NCIPM ISO 9001: 2008 certified since March 2014, having sustained its audit in 2015, 2016.

Conferred **DD Kisan Samman 2016** by *Prasar Bharati*

Prof. S.B. Chattopadhyay Memorial Lecture, Indian Mycological Society, 2014 at the International Symposium 2014 on 21 Feb 2014 at Kolkata

Prof V.P. Bhide Memorial Award Lecture, Indian Society of Mycology and Plant Pathology for 2010 at the 32nd Annual Conference of the Society on 24 Nov 2010 at Junagadh Agricultural University, Junagadh.

Shri PP Singhal Memorial Award, 2012-13 (Soc. Plant Protection Sciences)

Nomination to Commission for Agricultural Meteorology (CAgM-16) as **expert for pest/ disease modelling of the WMO**

Bioved Agri-Innovation Award – 2015 (Bioved Research Institute of Agriculture & Technology)

Fellow of Indian Mycological Society (FIMS).

Fellow of Indian Society of Oilseeds Research (FISOR).

Fellow of Society of Rapeseed-Mustard Research (FSRMR).

Vice-President of Plant Protection Association of India (2010-12), Society of Plant Protection Sciences (2014-16)

Returning Officer for Election of office bearers of the Indian Society of Pulses Research and Dev. for 2010-12.

Fellow of Indian Society of Mycology and Plant Pathology (FISMPP).

Convenor of Technical Session (9) on Epidemiology and Disease Assessment, 2nd Asian Congress of Mycology and Plant Pathology, 19-22 Dec 2007, organized by the Indian Soc. Mycol. Pl. Pathol. & Osmania University, Hyderabad.

Hexamar Agricultural Research and Development Foundation (HARDF) Award for Outstanding Research in Integrated Disease Management for 2005 by the Indian Society of Oilseeds Research, Rajendranagar, Hyderabad.

Best Paper Award for two papers [Second Global Conference on Plant Health – Global Wealth organised by the Indian Soc. Mycol. Pl. Pathol., MPUAT, Udaipur, 25-29 Nov 2005].

Vividhlaxi Audyogik Samshodhan Vikas Kendra (VASVIK) award 2004 for contribution by way of research in **Agricultural Sciences & Technology** by VASVIK apex committee (Patel Extrusion Group, Mumbai).

Councillor of Plant Protection Association of India (2002-04).

Fellow of Indian Phytopathological Society (FPSI).

Fellow of Plant Protection Association of India (FPPAI).

Pesticides India Award of the Society of Mycology and Plant Pathology jointly with Dr Bineeta Sen (Indian Agril Research Institute, New Delhi) for the paper entitled “Integrated management of Fusarium wilt of muskmelon (*Cucumis melo* L.) caused by *Fusarium oxysporum* Schlecht.”

Indian Phytopathological Society (IPS) **Best Poster Medal** jointly with Dr R. Kalpana Sastry (Scientist, Dte Oilseeds Res., Hyderabad) at the 48th Annual Meeting of the IPS, Punjab Agril Univ., Ludhiana during 14-16 Feb 1996 for the paper entitled “Effect of soil solarisation on *Fusarium oxysporum* f. sp. *carthami* population in endemic soils”.

IARI Senior Fellowship for Ph.D. in Mycology & Plant Pathology at the Indian Agril Research Institute, New Delhi.

Certificate of Merit for ranking first with the highest OGPA during the 2-year M.Sc. (Ag.) course in Plant Pathology at the Bidhan Chandra Krishi Viswavidyalaya, Mohanpur 741252 (WB).

Junior Fellowship of the Indian Council of Agricultural Research for 2-year M.Sc. (Ag.) course in Plant Pathology at Bidhan Chandra Krishi Viswavidyalaya, Mohanpur 741252 (WB).

University Merit Scholarship during 4-year B.Sc. (Ag.) Honours course at Bidhan Chandra Krishi Viswavidyalaya, Mohanpur 741252 (WB).

Professional Activities:

Chief Editor of *Journal of Oilseed Brassica* (2009-12), **Member of Editorial Board of the *Journal of Mycology and Plant Pathology*, *Indian Journal of Plant Protection*, *The Journal of Plant Protection Sciences* and *Sarson News***; **Co-Chairman of General Publication Core Committee of *Indian Phytopathol. Soc.***, **Referee for *Crop Protection*** (Elsevier Publ.), ***BioControl*** (Kluwer Acad. Publ.), ***Crop Pasture Science (Australian Journal of Agricultural Research)***, ***Journal of Plant Interactions***, ***Journal of the Science of Food and Agriculture***, ***Indian Phytopathology***, ***Indian Journal of Agricultural Sciences***, ***Natural Product Radiance***, ***Journal of Oilseeds Res.***, etc.

Attended training programme on Leadership for the 21st Century: Chaos, Conflict and Courage during 02-07 Feb 2014 at Harvard University John F. Kennedy School of Government (Executive Education), Cambridge, MA, USA

Attended Workshop on Climate and Agricultural Risk Management, Phnom Penh, Cambodia, 15-22 Nov 2009

Mentored five Ph.D. and nine M.Sc. graduate programmes.

Served on panel of judges in professional competitions, currently serving in one such contest, Chaired sessions in professional meets.

Attended Review and Planning Workshop on Climate and Crop Disease Risk Management: an International initiative in the Asia-Pacific Region, Dhaka (Bangladesh), 11-13 Feb 2008.

Attended 16th Biennial Australasian Plant Pathology Society Conference on Back to Basics: Managing Plant Diseases, Adelaide, 24-27 Sep 2007 (including Workshop on Scientific Writing, 24 Sep 2007)

Attended 15th Australian Research Assembly on Brassicas, Geraldton (Western Australia), Australia, 10-14 Sep 2007.

Worked as Visiting Scientist for five months at Rothamsted Research, Harpenden, Hertfordshire, UK under the Indo-UK Collaborative Project on Oilseeds Brassicas (on deputation from ICAR), 15 Apr-15 Sep 2004

Attended a Course on Technical Writing organized by the Biotechnology and Biological Sciences Research Council (BBSRC) at Rothamsted Research, Harpenden, Hertfordshire, UK, 21-22 June 2004.

Attended the International training on Crop-Disease-Weather Relationship and Forewarning System, Institute of Arable Crops Research, Rothamsted, Harpenden, Hertfordshire, UK, 20-31 May 2002.

Course Co-ordinator of the training programme on IPM in Sunflower organized by the Directorate of Oilseeds Research, Hyderabad for participants from private firms at the Directorate during 22-25 Jan 1997.

Program Co-ordinator, International Training Program on Sesame Pathology for a Kenyan Scientist organised with sponsorship of the Government of Kenya at the Directorate of Oilseeds Research, Hyderabad, 18 Sep-18 Nov 1996.

Organized ICAR-sponsored Winter School on Advances in Rapeseed-Mustard Research Technology for Sustainable Production of Oilseeds, for 25 participants (Teachers and Researchers from State Agricultural Universities, Research Institutes of 13 states of India), 15 Dec 2004 – 04 Jan 2005

Coordinator, Training Programme for Plant Pathologists under AICRP Chickpea, IIPR, Kanpur, 15-22 Feb 2010.

Member of Professional Societies:

Life Member, Indian Phytopathological Society

Life Member, Plant Protection Association of India

Life Member, Indian Society of Mycology and Plant Pathology (formerly Society of Mycology and Plant Pathology)

Life Member, Indian Society of Oilseeds Research

Life Member, Indian Mycological Society

Founder Life Member, Society of Rapeseed-Mustard Research

Founder Member, Asian Agri-History Foundation

Life Member, Indian Society of Pulses Research and Development

Life Member, Society of Plant Protection Sciences

Annual Member, The International Society of Plant Morphologists (ISPM)

Annual Member, National Institute of Scientific Communication and Information Resources / NISCAIR (CSIR)

Countries visited: UK, USA, Australia, Bangladesh, Cambodia, Malawi, Brazil

Hello!!
Greetings,

I take immense pleasure to share with you that our following book (cover photo provided) with the following citation has arrived in the market:

Chattopadhyay, C.; Prasad, D. 2016. Dynamics of Crop Protection and Climate Change. Studera Press, New Delhi, India, xviii + 408 pp.

The rapid change in the agro-ecosystem leaves a snag of the establishment of harmony in the discord of the disturbed ecosystem due to the wide usage of chemical pesticides, fertilizers and synthetic plant growth regulators. The long-term effects were overlooked; hence, the boom of one-time became a bane for the global ecosystem degradation. In the present context, it has become indispensable to look for sustainable crop protection, management approaches in the realm of climate change in imperative and the book is an effort in this direction. There are 19 well-researched and thought-provoking chapters discussing the effect of climate change on crops through the lens of pests, diseases and nematodes. This book not only provides the reference, but also serves as a guide and inspiration for future research into the realm of modern agriculture with changing climates in India. The scientists, teachers, students, scholars, administrators, and policy makers dealing with crop protection and management in relation to climate will find this book very useful and informative. The book, foreword written by Dr. S. Ayyappan (Secretary (DARE) & Director General (ICAR)), priced at Rs. 2995.00 *could be considered and recommended by you all for your institute / University libraries, your own collection for teaching and researching Crop Protection vis-à-vis climate change.* Keenly looking forward to your invaluable comments and criticism.... the latter helps me move further more than mere appreciation!!

With regards and best wishes for A Very Happy New Year 2016

Hello!!
Greetings.

I take immense pleasure to share with you that our following book (cover photo provided) with the following citation has arrived in the market:

Chattopadhyay, C.; Kolte, S.J. and Waliyar, F. 2015. Diseases of Edible Oilseed Crops. CRC Press, Boca Raton, Florida, USA, xxvii + 455 p.

The book was a dream of the Senior Oilseed Pathologist Dr SJ Kolte (Retd. Professor, GBPUAT) duly enriched by ICRISAT (Mali) Pathologist Dr F. Waliyar, which enabled completing its as per commitment to the press. Diseases of Edible Oilseed Crops presents an unprecedentedly thorough collection of information on the diseases of cultivated annual oilseed crops, viz., peanut, rapeseed-mustard, sesame, soybean, sunflower and safflower. This book is a result of pressing need and demand from researchers, teachers and students and interest by the publishers (CRC Press) to update the information in the previously published three-volume book of Dr Kolte in 1984-85. It covers and integrates worldwide literature in the field for the last 30 years up to 2014, setting it apart from other books that are only of regional importance. By compiling decades of information from previously scattered research into a single globally-minded volume, Diseases of Edible Oilseed Crops provides these much-needed updates and enhancements. The book, foreword written by Dr William D. Dar (DG, ICRISAT), priced at \$149.95 / £95.00, *could be considered and recommended by you all for your institute / University libraries, your own collection for teaching and researching Edible Oilseeds Pathology.* Keenly looking forward to your invaluable comments and criticism.... the latter helps me move further more than mere appreciation!!

With regards and best wishes for A Very Happy New Year 2016
C. Chattopadhyay
